PROJECTS

Cryostat
repo: kmgarvey279/cryostat-game
live: https://cryostat-game.herokuapp.com/#/
A retro inspired overhead adventure game built with React and Redux

Dungeon Crawler
repo: kmgarvey279/rpg-group-project
live: https://kmgarvey279.github.io/rpg-group-project/
An RPG game with turn-based combat and randomly generated levels.

Book List
repo: kmgarvey279/booklist-group-project
live: https://book-reviews-group-project.firebaseapp.com/
Allows users to save books from the Google Books API to Firebase and track their reading progress.

SUMMARY
I'm seeking opportunities to immerse myself in the tech field, contribute to the community, and further develop my programming skills. I'm passionate about creating appealing and memorable interactive user experiences and finding creative solutions to difficult problems.
